Standardised Procedural Risk Assessment Technique (SPRAT)

Event details

Event name: Standardised Procedural Risk Assessment Technique (SPRAT)

Location: Franklin Wilkins Building, 150 Stamford Street, Kings College, London. [SE1 9NH](#)

Date/Time: 09/02/2010 18:00:00 

End Date/Time: 09/02/2010 21:00:00

Organised by: London Metropolitan Branch

Event type: Branch Meeting

Overview

Learn how SPRAT, a pragmatic approach to risk assessment that has been developed and used in a university department to manage risk assessment activities can help you. Risk assessments in each area have been categorised as standardised "procedures", each with a well-defined set of control measures. The system is flexible and could be customised to suit other users. Procedures are easy to verify, and routine inspection is simple.

Speakers

Dr. Tom Tate, Imperial College London
